

## PDQ LIQUIDITY PROVIDER AGREEMENT

This PDQ Liquidity Provider Agreement (“Agreement”) is entered into as of the date set forth on the signature page hereto (the “Effective Date”) by and between **PDQ ATS, Inc.**, a Connecticut corporation (“PDQ”), and \_\_\_\_\_, a \_\_\_\_\_ [corporation/LLC/LP] (the “Liquidity Provider”). The parties agree as follows:

1. Definitions. The following definitions shall apply throughout this Agreement:

(a) “FINRA” means the U.S. Financial Industry Regulatory Authority.

(b) “LPP” means a Liquidity Provider proprietary algorithm created to respond to order notifications and/or symbol-only notifications from the PDQ System.

(c) “PDQ System” means the PDQ alternative trading system consisting of proprietary software, computer hardware facilities and related technology and know-how by which LPP’s are exposed to order notifications and/or symbol-only notifications, and securities orders are crossed with contra orders and printed to a Trade Reporting Facility, and in the process such orders are exposed to potential liquidity providers on an anonymous basis.

(d) “PDQ System Documentation” means the PDQ ATS Liquidity Provider Interface Specification and any other PDQ System documentation provided by PDQ to Liquidity Provider, as such documentation may be revised, updated, enhanced and modified by PDQ from time to time.

(e) “Representatives” of any person or entity means the affiliates, directors, officers, employees, contractors and agents of such person or entity.

(f) “SEC” means the U.S. Securities and Exchange Commission.

(g) “TRF” means the FINRA/NYSE Trade Reporting Facility or such other trade reporting facility as PDQ may utilize from time to time.

2. Term and Termination. This Agreement shall be effective upon the Effective Date and shall remain in effect until terminated by either party, with or without cause, upon 30 days’ prior written notice to the other party, except that in the event of a breach of this Agreement by Liquidity Provider, PDQ may terminate this Agreement immediately. The parties’ respective

rights and obligations relating to transactions incurred prior to termination of this Agreement shall survive such termination.

3. Use of PDQ System.

(a) Subject to the terms and conditions of this Agreement, PDQ grants to Liquidity Provider a personal, limited, revocable, non-exclusive, non-assignable and non-sublicenseable license to use the PDQ System pursuant to the terms of this Agreement. Subject to the terms hereof, Liquidity Provider is authorized to: (i) maintain LPP’s within, or which may interact with, the PDQ System, (ii) communicate with the PDQ System as described in the PDQ System Documentation, (iii) maintain a data connection to the PDQ System (whether VPN circuit, leased line or direct connection), and (iv) otherwise participate as a liquidity provider for the PDQ System as described in the PDQ System Documentation from time to time. Liquidity Provider shall not obscure, alter or attempt to hide any copyright or other identifying information on or in any component of the PDQ System. Liquidity Provider is bound by, and will comply with, the various legends, disclaimers, terms and conditions and restrictions displayed on or linked to the PDQ System.

(b) In order for Liquidity Provider’s LPP’s to communicate with the PDQ System, Liquidity Provider will determine whether to (i) locate its own computer server at the PDQ System facility, (ii) have its LPP’s hosted on computer equipment owned or controlled by, and maintained by, PDQ or PDQ’s third-party providers (the “Hosted Server Service”), and/or (iii) maintain its LPP’s outside the PDQ System facilities with respect to a symbol-only interface to the PDQ System. In the absence of at least 45 days’ advance written notice from Liquidity Provider that it desires to use the Hosted Server Service, Liquidity Provider at all times shall use its own computer equipment, to be located at the PDQ System facilities, to maintain its LPP’s and connect to the PDQ System.

(c) The PDQ System is designed to prevent the transmission of full order information outside of the PDQ System environment. Therefore, Liquidity Provider shall transmit only messages that are pre-defined and pre-approved by PDQ outside the PDQ System environment, and agrees not to attempt to circumvent the PDQ System firewall or to send messages through the firewall that are not of a type and purpose that has been pre-defined or pre-approved by PDQ.

(d) Whenever Liquidity Provider's LPP's cause the PDQ System to generate a Liquidity Provider securities order Liquidity Provider authorizes PDQ to cross such order with other orders within the PDQ System, print the trade to the TRF, and select the TRF to which orders executed within the PDQ System shall be printed. All orders submitted to the PDQ System must have a properly issued, registered and valid Market Participant Identifier.

(e) Liquidity Provider agrees that it is Liquidity Provider's obligation, in connection with each of its securities transactions effected with the PDQ System, to ensure the timely delivery of the subject securities and/or funds as well as any required remittance of interest, dividend payments and/or other distributions. Liquidity Provider will promptly notify PDQ in writing of any material change in or to Liquidity Provider's clearing arrangements. PDQ retains the right to break any trade without liability to Liquidity Provider or its customers if, in PDQ's sole and reasonable discretion, such action is warranted including reasons relating to legal, operational or regulatory concerns, and PDQ agrees to notify Liquidity Provider of any such action as soon as commercially practicable.

(f) Liquidity Provider acknowledges that the PDQ System is acting as a passive order routing and execution system. Liquidity Provider agrees that PDQ will not make any independent best execution determination, as that term is customarily applied and as those duties are customarily recognized under federal and state laws, rules and regulations that govern such duty and/or any rules or regulations of any applicable self-regulatory organizations.

(g) By using the PDQ System, Liquidity Provider agrees that PDQ may use the spawned order data generated by Liquidity Provider's LPP's within the PDQ System for any and all legitimate business purposes related to PDQ's operation of the PDQ System, including but not limited to the processing of orders, trade reporting, and the clearing and settling of transactions executed by the PDQ System.

(h) Liquidity Provider shall thoroughly test all software, interfaces, telecommunications and other connections between Liquidity Provider's equipment and systems to the PDQ System before using the PDQ System for any live trading. Liquidity Provider is solely responsible for providing and maintaining, at its own cost and expense, all necessary electronic communications with the PDQ System, including wiring, computer hardware, software, communication line access, and networking devices. Liquidity Provider will be solely responsible for any losses, damages or costs that Liquidity Provider may incur as a result of errors made by, or the failure of any software, equipment, telecommunications lines or third

party or proprietary systems that Liquidity Provider uses to access the PDQ System.

(i) PDQ is providing the PDQ System to Liquidity Provider only for its internal use as provided herein, and only for the purposes and subject to the terms of this Agreement. Liquidity Provider shall not sell, lease or otherwise provide access to the PDQ System to any third party, nor act as a service bureau or otherwise use the PDQ System on behalf of any third party, provided that Liquidity Provider shall be permitted to use the PDQ System on behalf of Liquidity Provider's customers, although Liquidity Provider's customers shall not be permitted to have direct access to the PDQ System unless the customer is a party to a PDQ Sponsored Participant Agreement - Liquidity Provider.

(j) Liquidity Provider acknowledges that all proprietary and intellectual property rights in and to the PDQ System and the PDQ System Documentation, and the data captured by or transmitted through the PDQ System, are owned by PDQ and its affiliates and that Liquidity Provider receives no intellectual property rights or other rights therein except those specifically set forth in this Agreement. Liquidity Provider will not violate, jeopardize or impair the proprietary or intellectual property rights of PDQ in the PDQ System or the PDQ System Documentation, and shall comply with PDQ's reasonable requests to protect PDQ's contractual, statutory and common law rights therein. If Liquidity Provider becomes aware of any violation or threatened violation of PDQ's proprietary or intellectual property rights in the PDQ System or the PDQ System Documentation, Liquidity Provider will notify PDQ in writing.

(k) Liquidity Provider shall limit access to the PDQ System to its Representatives who need such access to perform their duties for Liquidity Provider. Liquidity Provider may access the PDQ System only through one or more passwords or other access methods ("Access Methods"). Liquidity Provider is solely responsible for ensuring that its Access Methods are known to and used by only those users that Liquidity Provider authorizes. Liquidity Provider shall be responsible for the actions of any persons, authorized or unauthorized, who gain access to the PDQ System through Liquidity Provider. Liquidity Provider will immediately notify PDQ of any unauthorized use of the PDQ System. Liquidity Provider will be: (i) solely responsible for all acts or omissions of any person using the PDQ System through Liquidity Provider; and (ii) bound to clear and settle all transactions executed and effected on behalf of Liquidity Provider resulting from interaction with the PDQ System through Liquidity Provider.

(l) If Liquidity Provider's Access Methods have been lost, stolen or compromised, Liquidity Provider will

promptly notify PDQ. Upon receipt of this notice, PDQ will terminate Liquidity Provider's Access Methods provided that Liquidity Provider will remain responsible for any actions taken through the use of Liquidity Provider's Access Methods before they are terminated by PDQ. In PDQ's sole discretion, PDQ may terminate, revoke, suspend, modify, or change any or all of Liquidity Provider's Access Methods at any time with or without prior notice; however, PDQ shall endeavor to provide prior notice to the extent practicable.

(m) Liquidity Provider acknowledges and agrees that PDQ provides no tax, legal or investment advice of any kind, nor does PDQ provide Liquidity Provider or its customers any advice or offer any opinion with respect to the nature, potential value, or suitability of any particular securities transaction or investment strategy. Any investment decisions Liquidity Provider makes will be based solely on Liquidity Provider's own evaluation of its and its customers' financial circumstances and investment objectives.

(n) Liquidity Provider (i) agrees to the terms of the PDQ Clearly Erroneous Trade Policy (set forth on the PDQ website), as may be amended from time to time, and (ii) shall comply with such policy in each event Liquidity Provider desires to dispute a trade resulting from an erroneous order executed via the PDQ System.

(o) Liquidity Provider agrees to the terms of the PDQ Anti-Money Laundering Policy (set forth on the PDQ website), as may be amended from time to time to comply with applicable law.

#### 4. LP Equipment.

(a) Unless Liquidity Provider is using the Hosted Server Service or is limiting its access to the PDQ System to a symbol-only interface, Liquidity Provider shall, at its own expense, supply its own computer hardware meeting the specifications for inter-operability with the PDQ System ("LP Equipment") which shall be co-located at PDQ facilities. The Liquidity Provider will pay co-location fees as set forth on Schedule 1. The parties will cooperate to have the LP Equipment connected to the PDQ System, in conformity with the PDQ System Documentation. Liquidity Provider shall be responsible to pay for all costs and professional services required to deliver, install, connect and test the LP Equipment. Such LP Equipment shall remain the sole and exclusive property of Liquidity Provider which shall be housed and operated from the PDQ System facilities.

(b) Overall responsibility for the LP Equipment maintenance, support and repair shall remain with the Liquidity Provider. The Liquidity Provider shall be responsible for contacting and coordinating with its maintenance contractors and shall supervise their performing corrective maintenance on the LP

Equipment. PDQ shall allow access to the LP Equipment by Liquidity Provider or its contractors upon reasonable prior notice during normal business hours, and only when accompanied by PDQ personnel. Liquidity Provider and its contractors shall not access, connect to, interfere with, monitor or otherwise interact with any equipment other than its own LP Equipment, and Liquidity Provider shall be responsible for any acts or omissions of its contractors.

(c) PDQ acknowledges that it obtains no ownership rights in or to the LP Equipment, any LPP's or Liquidity Provider data and/or information contained thereon.

(d) Liquidity Provider shall have sole responsibility for making backups of the data on the LP Equipment, for backup software and all hardware. Liquidity Provider shall also be solely responsible for keeping the LP Equipment free of computer viruses, and agrees to use commercially reasonable virus-detection software on the LP Equipment before connecting it to the PDQ System and otherwise as reasonably instructed by PDQ.

(e) Under normal circumstances PDQ will not be supporting or providing maintenance for the LP Equipment; however, in the event Liquidity Provider requests PDQ to provide support for its computer servers located at PDQ, Liquidity Provider agrees to pay PDQ for such support at the professional services rates set forth on Schedule 1.

#### 5. Hosted Server Service.

(a) If Liquidity Provider elects to use the Hosted Server Service, PDQ will host Liquidity Provider's LPP's on a computer server owned or controlled by PDQ. Liquidity Provider will cooperate with PDQ for the purpose of establishing the LPP's on the server, in conformity with the PDQ System Documentation. PDQ acknowledges that it obtains no ownership rights in or to the LPP's or Liquidity Provider's data. PDQ shall have responsibility for the maintenance, support and repair of equipment used for the Hosted Server Service.

(b) Liquidity Provider agrees to pay PDQ for the Hosted Server Service according to the fee schedule set forth on Schedule 1. Liquidity Provider shall be responsible for and shall pay its providers directly for Liquidity Provider's telecommunications connections to the PDQ System.

6. Confidentiality. Without the prior written consent of the other party, neither party will (i) use the name of the other party (or its Representatives) or any trade name, trademark, trade device, service mark, symbol or any abbreviation, contraction or simulation thereof in advertising, publicity, or otherwise; (ii) represent (directly or indirectly) that any product or any service

provided by the party has been approved or endorsed by the other; or (iii) except as required by legal, regulatory or self-regulatory process, disclose the terms of this Agreement to any third party, including disclosure by Liquidity Provider of the rebates, commissions, fees, costs and expenses. PDQ will not disclose the identity of Liquidity Provider, or Liquidity Provider's order or transaction-related information, to any third parties in connection with Liquidity Provider's activities within the PDQ System except as required by court order or a regulatory or self-regulatory agency, or to facilitate the clearance and settlement of a trade, or with written permission of Liquidity Provider. Except as required by legal, regulatory or self-regulatory process, PDQ will not use for any purpose other than the purposes contemplated hereunder, nor disclose to third parties, Liquidity Provider's LPP's. Liquidity Provider will not use for any purpose other than the purposes contemplated hereunder, nor disclose to third parties, the PDQ System or the PDQ System Documentation.

PDQ MAKES NO REPRESENTATION OR WARRANTY THAT THE PDQ SYSTEM, ANY SERVICES PROVIDED HEREUNDER, OR ANY ORDERS, INFORMATION, REPORTS, MATERIALS OR SERVICES OBTAINED FROM OR GENERATED BY THE PDQ SYSTEM, WILL MEET LIQUIDITY PROVIDER'S REQUIREMENTS OR BE UNINTERRUPTED, TIMELY, SECURE, COMPLETE, ACCURATE OR FREE FROM ERROR OR DEFECT. PDQ MAKES NO REPRESENTATIONS, WARRANTIES OR GUARANTEES AS TO THE COMPUTER EQUIPMENT USED OR PROVIDED BY PDQ, INCLUDING, WITHOUT LIMITATION, THE FAULT TOLERANCE OF THE SYSTEM. PDQ DOES NOT WARRANT THAT ANY EXECUTION WILL OCCUR AS A RESULT OF SUCH ORDER HAVING BEEN GENERATED, OR THAT, IF EXECUTED, ANY PRICE IMPROVEMENT WILL HAVE BEEN ATTAINED BY GENERATING THE ORDER THROUGH THE PDQ SYSTEM.

8. Orders and Cancellations. Order cancellation requests are not guaranteed and a Liquidity Provider order will be cancelled only if Liquidity Provider's request is received by the PDQ System before the order is executed. Liquidity Provider agrees it shall not assume that an order is cancelled or executed unless Liquidity Provider has received a confirmation to that effect from PDQ. Liquidity Provider acknowledges that reports are occasionally late, and that Liquidity Provider's orders, cancellations, and executions may be affected by such late reports even though previously unreported to Liquidity Provider or reported to Liquidity Provider as being cancelled, expired or executed. Liquidity Provider agrees that any reporting, posting, or confirmation errors, including errors in execution prices, will be corrected to reflect what actually occurred in the marketplace.

All amounts not paid by the Due Date shall accrue interest from the Due Date at the lower of the highest lawful rate or 1.5% per month. In the event of collection enforcement, Liquidity Provider shall be liable for any costs associated with such collection, including attorneys' fees, court costs and collection agency fees. This Agreement may be modified only by a subsequent writing signed by both parties.

(b) Neither party may assign the Agreement without the other party's prior written consent. However, PDQ may assign this Agreement to any entity (i) controlling, controlled by, or under common control with PDQ, or (ii) which succeeds to all or substantially all of PDQ's assets and business.
